Additional Information

- **BLR** means **the Bank's Best Lending Rate** which is the Hong Kong dollar Best Lending Rate quoted by us from time to time.
- **Relevant Rate** means the mortgage rate fixed for the relevant interest period.
- **Exchange Rate Warning**
If at any time your mortgage is in a currency that is different from the currency in which you are paid or from which you repay your mortgage, then there is a risk that changes in the exchange rate will affect the amount you owe and the amount of your interest and principal payments. If this applies to you, you should regularly check the exchange rate to ensure that you are still comfortable with the amount you owe and with the amount of interest and principal you pay. If you are not comfortable then you may want to consider reducing the amount of your mortgage, re-financing the mortgage or repaying it early. You should consider speaking with an independent financial adviser before making changes to your mortgage arrangements.
- Prior to making a mortgage arrangement, you should take account of any foreseeable future changes to your financial circumstances (such as retirement occurring before the end of the loan term). You should only borrow if you have the financial means to cope with potential risk that may arise from changes in the economic and market conditions as well as changes in your circumstances. Please consult your independent financial adviser for advice.
